

**OneClickHR plc
("OneClickHR")**

Appointment as Microsoft Gold Certified Partner

OneClickHR announces that it has been appointed a Microsoft Gold Certified Partner. This is the highest level of partnership certification with Microsoft and has been gained following the development by OneClickHR of its market leading HR.net technology.

Peter Sedman (Technical Director of OneClickHR) commented: "In order to achieve this certification, HR.net has been put through a series of demanding tests by an independent test organisation. Additionally Microsoft has taken up detailed customer references about how the product performs in day to day use. This is a great validation of both our technology and software development methodology"

Frank Beechinor-Collins (CEO of OneClickHR) commented: "I am very pleased that we have achieved this certification from Microsoft. As well as endorsing our technology, Microsoft Gold Partner status will greatly assist our sales and marketing efforts in the future"
