## ahead in the first six months

TUESDAY, 7TH JULY 2009

OneClickHR, the AIM quoted software and solutions provider, says the positive momentum of the group has continued in the six months to 30 June 2009.

Total revenues are expected to be ahead of the corresponding period and the group remains cash generative and debt free.

Frank Beechinor, CEO, said: 'Trading has continued with the same momentum. We are particularly pleased with our recent customer wins against major competitors.

'This underlines the continuing strength of HR.net technology. We have also just released HR.net Enterprise v4 which ensures we maintain technical competitive advantage.

'We have also continued to make good progress in North America.'
